

ELDER AFFAIRS DEPARTMENT[321]

Notice of Termination

Pursuant to the authority of Iowa Code section 231.14, the Elder Affairs Department terminates the rule making initiated by its Notice of Intended Action published in the July 2, 2008, Iowa Administrative Bulletin as **ARC 6919B** to adopt new Chapter 14 “Family Caregiver Program”, Iowa Administrative Code.

The Notice proposed a new chapter to provide support services for family caregivers of persons aged 60 and over and for grandparents or older individuals age 55 and older who are relative caregivers of children. It also established standards for those services and included a severability rule.

The Department has made changes to the chapter proposed in ARC 6919B based written and oral comments from the federal Administration on Aging, the general public and other organizations. Therefore, the Department is terminating the rule making commenced in **ARC 6919B**.

Director, Department of Elder Affairs
